

WEDDING PHOTOGRAPHY TIMELINE

9:00 AM

DETAILS

Time to get that perfect photo of the dress, rings, shoes, family heirlooms, and the other details of the day.

10:00 AM

GETTING READY

During this time, we are getting close ups of the makeup and hair being applied as well as the candid moments.

1:30 PM

BRIDAL PARTY

We will schedule the bridesmaid and groomsmen photos around each other to make sure the bride and groom won't see each other.

3:30 PM

CEREMONY

This is where it is so important to have two photographers, so we don't miss any of these once in a lifetime moments.

4:10 PM

FAMILY FORMALS

Try to assign a family member on the day of your wedding who can help remind members of the family to stay after the ceremony for family formals.

4:30 PM

FULL BRIDAL PARTY

It's time for your full bridal party pictures. It's also the time to send someone to find the ones who wandered off to cocktail hour.

4:45 PM

BRIDE & GROOM

We like to plan on 30-45 minutes for pictures of our bride and groom. We send the bridal party to cocktail hour and focus on just the two of you.

5:30 PM

RECEPTION

During the reception, please plan on sneaking out for a couple of sunset shots. We only need about 10 minutes.
