GETTING READY

During this time, we are getting close ups of the makeup and hair being applied as well as the candid moments.

2:00 PM

BRIDE & GROOM

We like to plan on 45min- 1 hour for pictures of our bride and groom. We will do the first look before the bridal party pictures, so after we can send them off and focus on just the two of you.

4:00 PM

CEREMONY

This is where it is so important to have two photographers, so we don't miss any of these once in a lifetime moments.

FAMILY FORMALS

Try to assign a family member on the day of your wedding who can help remind members of the family to stay after the ceremony for family formals.

5:00 PM

RECEPTION

During the reception, we will get pictures of your guests at their tables, dancing, and all the amazing details you spent so much time on, just to name a few.

We love to steal you away for 10-15 minutes for beautiful sunset/evening shots
